XYLINDER
by De Jong

Heat Merchants exclusive range of hot water storage solutions specifically designed for the Irish market.

CYLINDER RANGE

Pre-plumbed for Heat Pump
White Cased for Heat Pump
Indirect Stainless Steel
Indirect for Heat Pump

Heat Merchants

444 GRADE STAINLESS STEEL

Grade 444 Steel Construction: Unlike the industry-standard Duplex 2304, Xylinders are made using grade 444 stainless steel, renowned for its superior corrosion resistance.

INNOVATIVE SENSOR POCKETS AND IMMERSION DESIGN

Positioned above the coil, the immersion design offers quick recovery times and significant energy savings by heating only the required water amount

SMOOTH INTERNAL COILS

Xylinders feature smooth internal coils instead of corrugated ones, ensuring a better water flow.

5 Year Warranty **Casing**

2 Year Warranty **Components**

XYLINDER RANGE

Indirect | InDirect Heat Pump | Pre-Plumbed Heat Pump | Pre-Plumbed White Case Heat Pump

KEY FEATURES

Immersion above coil saves energy and also enables rapid cylinder recovery.

Lightweight construction and built-in carry handle on bottom lid for ease of manoeuvrability.

Comes with a standard G3 kit comprising expansion vessel, dual stat, PRV, inlet group, diverter valve and tundish.

Xylinders come with a 5-year warranty on cylinder casing and a 2-year warranty on components.

Pre-Plumbed Heat Pump Cylinder

XYLINDER by De Jong

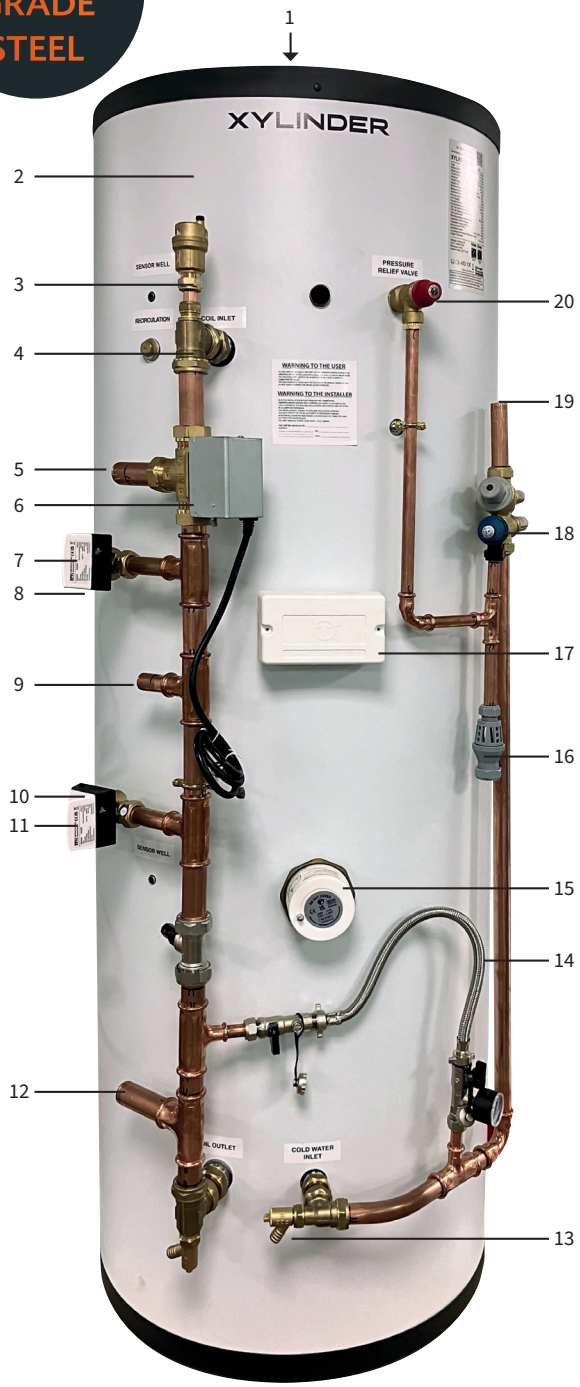

UB7317 **200 Litre**
UB7318 **300 Litre**

Supplied with
- Expansion vessel
- PRV
- Diverter valve
- Dual stat
- Inlet group
- Tundish

Key Features
Supplied with 3kW immersion
Cold water inlet fitted
Expansion Vessel included
Pre-plumbed for 2 heatingxones with option to add a third
Pre wired zone valve & divertor valve
5 year warranty on cylinder shell

444 GRADE STEEL

Heat Merchants Exclusive

Part	Description
1	DHW Outlet
2	Domestic Hot Water Store
3	AAV
4	Coil Inlet
5	HTG Flow
6	3 Port Diverter Valve
7	22mm Motorised Valve
8	HTG Zone 1
9	Optional Zone 3
10	22mm Motorised Valve
11	HTG Zone 2
12	HTG Return
13	Drain Off
14	Filling Loop & Pressure Gauge
15	Titanium Immersion
16	Tundish
17	Wiring Centre
18	Inlet Group
19	Cold Water Inlet
20	PRV

Supplied with
- Expansion vessel
- Dual stat
- PRV
- Inlet group
- Diverter valve
- Tundish

Quickfit White Cased Heat Pump Cylinder

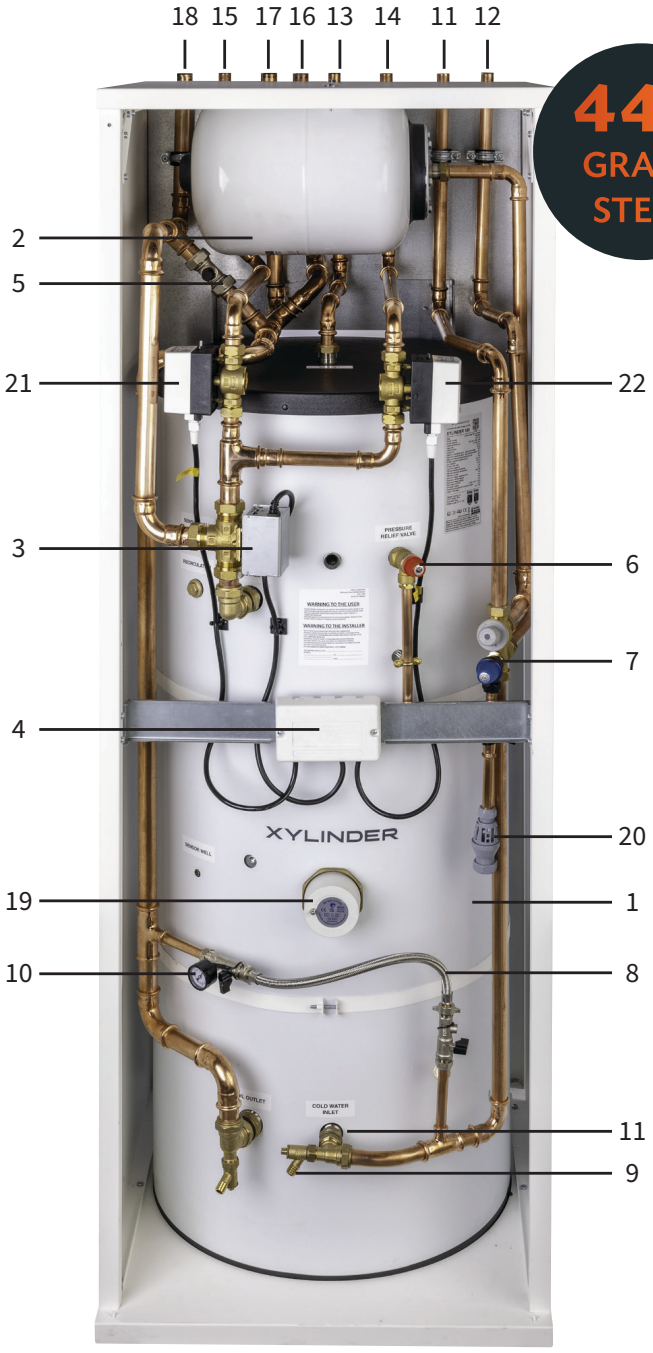

XYLINDER
by De Jong

UA9902 **180 Litre**
630w x 650d x1880h mm

Supplied with
- Expansion vessel
- PRV
- Diverter valve
- Dual stat
- Inlet group
- Tundish

Key Features
Supplied with 3kW immersion
Cold water expansion fitted
Pre-plumbed for 2 heating zones
Pre-wired zone valve & divertor valve
5 year warranty on cylinder shell
All connections at the top for ease of installation

Heat Merchants Exclusive

All connections at the top for ease of installation

Part	Description
1	Domestic Hot Water Store
2	19 litre Expansion Vessel
3	Diverter Valve
4	Junction Box
5	Bypass Valve
6	Temperature & Pressure Relief Valve
7	Pressure Reducing Valve
8	Filling Loop Valve
9	Filling Loop Valve - Drain Valve
10	Pressure Gauge
11	Cold Feed 3/4" M BSPT
12	Cold Balance 3/4" M BSPT
13	Domestic Hot Water Outlet 3/4" M BSPT
14	Zone 1 (Underfloor open) 1" M BSPT
15	Zone 2 (Radiators or Underfloor) 3/4" M BSPT
16	Return to Heat Pump 1" M BSPT
17	Return from Central Heating 1" M BSPT
18	Primary Flow
19	Titanium Immersion
20	Tundish & Discharge Connection
21	Zone 1 - 22mm Motorised valve
22	Zone 2 - 22mm Motorised valve

Heat Merchants

In-Direct Stainless Steel Cylinder

XYLINDER
by De Jong

Standard Cylinder
UB9605 200 Litre
UB9605 300 Litre

Heat Pump Cylinder
UB7336 200 Litre
UB7335 300 Litre

Key Features
Comes with titanium 3kW immersion heater
Lightweight construction and built-in carry handle on bottom lid for ease of maneuverability

Supplied with
- Expansion vessel
- Dual stat
- PRV
- Inlet group
- Diverter valve
- Tundish

30°
Easy to install as every connection is on a 30-degree plane at the front of the cylinder.
